

## Document Solutions

### Docutek Imaging Solutions Group

The Docutek Imaging Solutions Group designs, implements, supports and upgrades our Electronic Document Management Solutions (EDMS) in a diverse set of business applications. With extensive experience in software installation, remote and onsite software support, workflow development, as well as various front-end capture configurations, we have the tools to provide our customers with solutions that fit their needs.

Docutek's Solutions Group integrates and applies industry-leading expertise and innovative technology to help companies meet today's complex document workflow demands and prepare them for tomorrow's challenges.

Our outstanding group of professionals consists of CDIA+ certified document imaging architects who have proven themselves in their abilities to understand and create electronic document management solutions as they apply to individual vertical markets, e.g., healthcare, education, service, and manufacturing as well as horizontal markets, such as accounts payable and receivable, shipping and receiving, and claims. Members of our Solutions Team continuously train with our vendor partners to maintain the highest level of product certification.
