

President's Message

A Message from our President... Hello,

Thank you for visiting our Web Site. Many of you already know me since I have been your supplier of Copiers, Facsimile and Printers in the South Florida area since 1986.

As President of Docutek Imaging Solutions, I am very excited about our future and the emergence of new technologies that allow offices to become much more productive as companies lower their imaging costs, and watch their business's become more efficient and productive. We are fortunate as one of the larger independent, local distributors to be able to pick and choose the products we offer to our valued customers, and that is why we represent, and are Factory Authorized for KYOCERA/MITA, SAVIN (Ricoh Family Group), and KONICA/MINOLTA. These are World Class Manufacturers who are the tops in their field and have chosen to have DOCUTEK represent their products to you, our present, and future clients. I am also very proud of our "family" of employees, most of who have been with me for many years and are dedicated to giving you the BEST OF BREED Products, support and TLC that I insist that our customers deserve. Our Digital Products are rated "Best in Class" by many sources, such as Buyers Lab, Office Products Analysts Magazine, What to Buy for Business, and DataCheck (Bertl Testing Laboratories). We can save you as much as 50% over your present monthly costs from what you are now paying because of the new technologies available.

I am equally proud to say that DOCUTEK has a National Reputation since we have been awarded "Elite Dealer" status by Office Dealer Magazine as one of the TOP 50 Dealers in the USA for 4 consecutive years. Also we have earned "J.D. Powers Certification" for total customer satisfaction, and Docutek was one of the first office products dealers in the nation to get this award. At Docutek, we want to be the TOTAL SOLUTION for all of your Imaging Needs, from Digital Copiers and Printers, Color and Black and White, Scanners, Complete Network Installation and support, Web Site Design and Hosting, Computers, Wireless Networking, Software, and of course DOCUMENT STORAGE that will save you time and money using the Digital Products and Software we sell, lease and support. We will even manage your network remotely (our MSP Program) so your company will always be assured your systems will be up and running 24/7.

Please enjoy our website, and look at it thoroughly to learn about our people and our services, and I sincerely hope that we will be able to add your company name to our growing list of satisfied clients. And also, feel free to call me anytime. For over two decades I have always been easily available to our customers, and I still am, so you can call me at 866-436-2883, extension 5301 and it will be my pleasure to speak with you. Again, thank you for considering Docutek Imaging Solutions for all of your imaging needs.

Because of you, our clients, for the 2nd year in a row we have been named as one of the fastest growing companies in the nation by INC Magazine, and it is all because of our dedicated family of employees, and our customers, who I want to be 100% satisfied, because "Without you, we are Nothing";

Steve Staller, President
