

Without you we are Nothing

Contributed by Steve Staller
Tuesday, 02 October 2007

Thank you to all our valued clients for making us again an INC 5000 Company in 2007, and again one of the Top 100 IT companies in the USA.

Our goal is to see that our clients are 100% satisfied, because "Without you we are Nothing". Ask us about our PRINT FLEET Program today. We will install software, at NO CHARGE to you, so you may never have to call us for service or supplies again. This software does it all automatically, even letting us know when you are getting low on supplies or are soon to require service. This program normally costs a customer money, as much as \$1700.00, but we are giving it at NO CHARGE as a "thank you" to all our present clients.
